Hello 404 Program Experts!

We have a waste treatment tangle on our hands with Climax mine. We've been working on this for more than a year with the Corps. (b) (5) - Deliberative

Planning to meet next week with OGC, and hopefully, one or more of you, next week. I know waters has taken over your lives so I don't know who to ask for help on this.

Karen

SENT ON BEHALF OF RAY LAZUK

Hello Karen and Lesley:

As we discussed at our October 6 meeting, we are providing the regulatory ELG and permitting material that we referenced as part of our presentation at the meeting. We would be happy to address any questions that remain, and would very much appreciate the opportunity to discuss your conclusions in a meeting or teleconference following your review of this material.
